COMPANY OVERVIEW

Adivva is a Service Provider, we are providing designing solutions, fabrication and installation of exhibition stalls. Our experience team provides flawless execution of Exhibition and Events. We manage events across all major cities in India and Abroad.

We have excelled in offering our various creative services to our valued client in multiple sectors like Power, Steel, Manufacturing, FMCG, Telecom, Media, and Technology & IT etc.

Adivva dedicated to provide superior, personalized service and guarantees to meet the customer needs from start to finish, offering the most compelling medium to ensure your brand stand out from the crowd, efficiently and economically.

SERVICES

Exhibition : Our exhibition stall fabrication services, including setup as well as dismantling.

We fabricate by utilizing a vast selection of raw materials as steel, aluminum, wood, glass and acrylic etc.

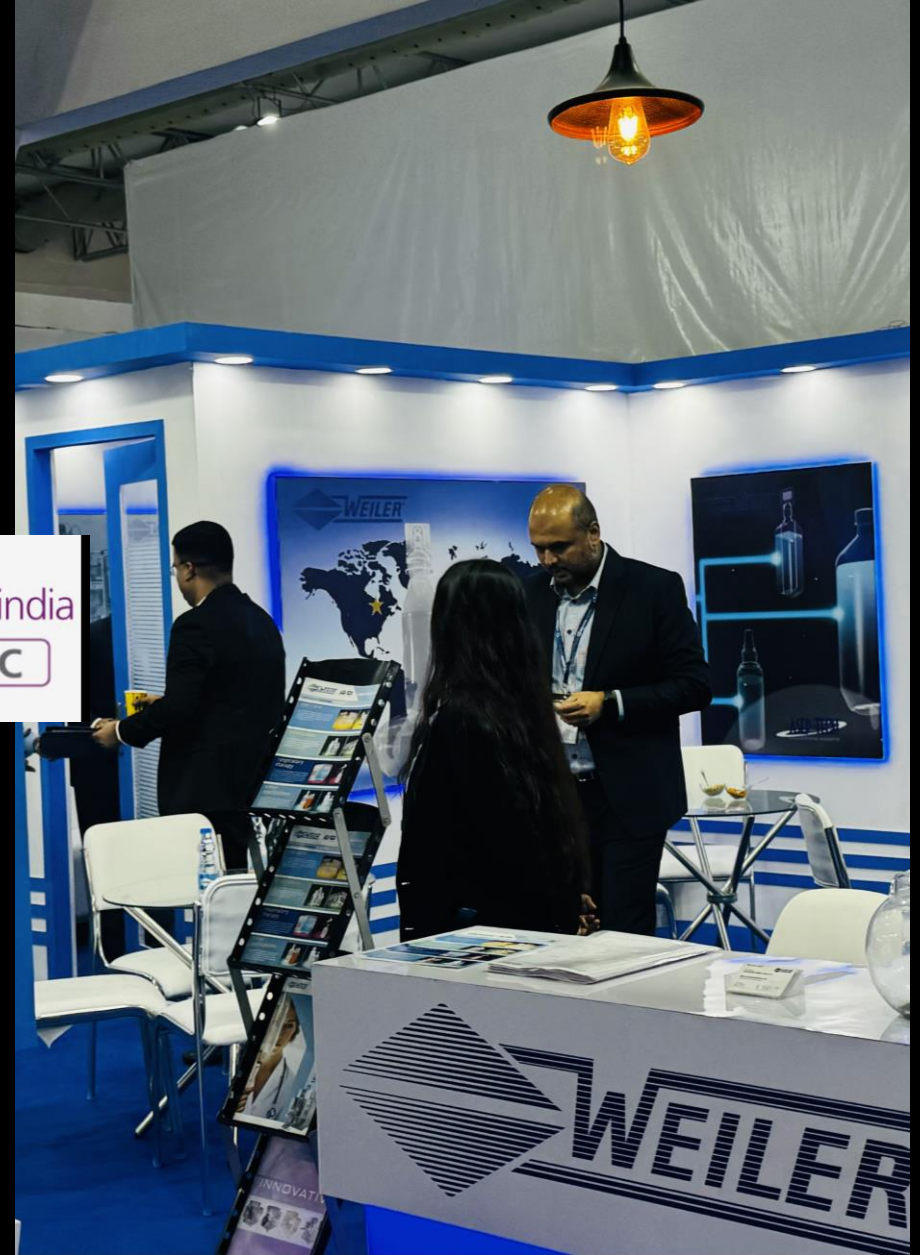

We conceptualize, visualize, design and execute the entire exhibition stall to suit our client's requirements.

These include the following:

Exhibition Stall Design/ Fabrication, Portable display and exhibition stand
Signage Design, 3D Stall Design, Stall Installation and Dismantling
Display design and setup, Banner Stand, Hosts/ Hostesses for Exhibitions

Product Portfolio

Laminating Boon

Healthy Working Surface

- Highly water resistant
- Antibacterial
- Absorbent
- Easy to clean

Bioprocess Filter Panel

- Continuous change with no loss
- Highly resistant to acids and alkalis
- Low pressure drop
- High flow capacity

Sterile Manufacturing Facility

Highly resistant to acids and alkalis

- High flow capacity
- Low pressure drop

Membrane Filters

- Highly resistant to acids and alkalis
- High flow capacity
- Low pressure drop

Vial/Vial Assesories

Customized vials designed to suit your application

- Highly resistant to acids and alkalis
- High flow capacity
- Low pressure drop

Syringe Filters and Membranes

Maximize your lab efficiency with Axiva filtration solutions

- Wide range of vials best suited to your application
- Highly resistant to acids and alkalis
- High flow capacity
- Low pressure drop
